UNIESTAE SPORTS TOWER

Expected Completion : May 2017

This unique tower will be built with proven quality using products by certified manufacturers. This remarkable premium domicile has been made for a special way of life combining architectural curiosity, luxury, sports and spa. There are **154** apartments of different sizes, all supplied with high-quality, luxury features.

There are 154 apartments of different sizes from 500 ft² to 1500 ft², all supplied with high-quality, luxury features. The floor plans of all the apartments are very well thought of and reflective of exquisite architecture. The building have been designed to ensure maximum breath taking view from all the apartments. The two bed room flats provide the residents with the extreme luxury of golf course and skyline view from three places in their apartment. On the top level, there is sports and spa area including sauna, pools and gym hall.

UNIESTAE SPORTS TOWER

The entrance hall is just as luxurious as the flats and there is a 'sports and spa zone' with two pools and gym hall situated on the top level. The architecture is equipped with excellent meeting and high speed internet and telephone available in every room. There are motion detectors, and 24 hour security system along with basement parking facility.
